A social media surgery is a pretty informal gathering of people who want to learn how to use the web to communicate, campaign or collaborate. They are deliberately relaxed. You will get to sit alongside someone who understands good ways to use the internet and they'll show you useful free tools. If you like what you see they can also help you set up your blog, or Facebook page or Twitter account. Most social media surgeries have an event every few weeks, so you can keep coming back for help.
